

Gradino™ Wall

Gradino™ Wall

When you think “retaining wall block” this is it. Gradino™ Wall is a standard 6x16 split-face wall block like you know and love. We’ve added a heavier color loading to our block for more dramatic color blending. The colors are also made to the same recipes as our other products so they’ll match exactly. If you want a matching cap, our Versa-Cap is a great choice!

Composition and Manufacture

Gradino™ Wall is made from a low moisture concrete mixture. It is made under high pressure and high frequency vibration, producing a very dense stone, low in water absorption (less than 7%) and high in compressive strength PSI (above 3000). It is designed to meet or exceed ASTM C-1372 specifications.

Dimensions:

Thickness: **152mm** (5.98")
Width: **406mm** (15.98")
Length: **305mm** (12.01")
Pcs/SqFt: **1.5**
Pcs/Pallet: **40**
Approx Wt: **64 lbs/pc**
